ACCOUNTABILITY REPORT

Q3 2023

JANUARY 16 2024

INTRODUCTION

The Rocky View County Accountability Report provides residents and partners regular information about the organization's operations, projects, and progress on our strategic plan in a format that is both informative and straight forward. This report is produced in the spirit of our values – accountability, leadership, and integrity – and aims to provide consistent and transparent information to the community.

The Q3 2023 report is the second of our quarterly accountability reports. The report is comprised of three major sections which include some noteworthy highlights:

Priority Projects

- Three projects were completed in Q3:
 - Organizational Excellence Project: delivered the Rocky View County People Strategy, which was developed based on best practice research, a culture survey of employees, and stakeholder engagement. The People Strategy will guide future programs and initiatives directed at creating a shared vision that fosters collaboration, enables a modern work environment that ensures adaptability and inclusivity, and enhances productivity, fairness, and consistency in leadership.
 - o Governance Improvement Project: delivered a Governance Committee structure, new Council templates, agenda forecasting, accountability reporting, and Council self-assessment to improve the County's governance.
 - Solar Farm Project: delivered the Municipal Land Use Suitability Tool to assist Administration and Council
 in identifying the most suitable locations for renewable energy development. This tool will inform the new
 Municipal Development Plan with regard to renewable energy.

Strategic Plan

- Effective Service Delivery: the County made significant progress on the development of the Service Management Framework, which will better define County services, service levels, costs, and risks. The project is on schedule and will be delivered in Q4. The delivery of the People Strategy will support the County's objective of increasing employee engagement and improving service delivery. A significant volume of engagement and communication activities were delivered in Q3 to help increase citizen awareness and input to County programs and initiatives.
- Financial Prosperity: Council approved a Terms of Reference and budget adjustment for the Prairie Gateway Initiative, a partnership with the City of Calgary to establish an industrial corridor on the eastern side of Calgary. This project will lead to significant development opportunities for the County.
- Thoughtful Growth: the County continued the work of updating the Municipal Development Plan, which will guide our planning decisions into the future. Public engagement for the MDP will begin in Q4 2023.

Operational Updates

- Building Services continues to see a significant increase in the volume of building (32%) and sub-trade (23%) inspections over 2022.
- Enforcement has seen a nearly 50% increase in bylaw reports over 2022.
- Communications has significantly increased the County's social media presence with the launch of a public information campaign, tripling the number of social media posts in Q3 2023 over Q3 2022.
- The County's Health and Safety program has shown an improvement in safety measures, including a decrease in injuries and overall cost of equipment damage.

INTRODUCTION

Financial Update

- On September 30, 2023, The County had an overall surplus of \$62.1 million. This variance is expected to become a favorable variance of \$7.6 million at year-end.
- As of September 30, 2023, \$11.8 million of the total County capital budget of \$44.4 million has been spent or committed. The County's delayed start to constructing roads and bridges and delays in delivery timelines of fleet inventory will result in a significant portion of the current capital budget being carried forward into 2024.
- The County must remain within a regulation-stipulated debt-to-revenue percentage per the Municipal Government Act. The debt limit is 1.5 times the County's revenue (as defined in Alberta Regulation 255/2000), and the debt service limit is calculated at 0.25 times such revenue. As of September 30, 2023, the County is within its debt-to-revenue limits, utilizing approximately 29% of total debt limits.
- The County reserve accounts are trending as budgeted with a year-to-date increase of \$1.5M. Funding from the reserve accounts is completed as part of the county's year-end financial reporting package process. Quarterly activities on the reserve accounts comprise funding of external parties (grants issuances) and receipt of external contributions or interest on external revenues.

| Land Use Bylaw Amendments Make amendments to Land Use Bylaw C-800- 2020 in a phased approach. The amendments will be executed in 4 phases with each phase to be presented at a Council Briefing, Governance Committee, and Public Hearing of Council. | Phase 1: Business Live-Work, Special Function Business and Home Based Businesses was carried out, and is set to conclude with reports to Council October 31, 2023. Phase 2: will begin in Q4 with an update to Governance Committee scheduled for January 2024. | N/A | N/A | N/A | | Q4 2024 | 45% |

EFFECTIVE SERVICE DELIVERY

Objective SE1 Services levels are clearly defined, communicated, and transparent to citizens

KPI SD 1.1 → Percent of services with defined services levels

KEY MILESTONES

 Service Capacity Project has identified service levels for 100% of the County's services.

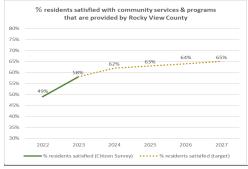

NEXT STEPS:

 Complete Service Capacity Project and deliver the Service Management Framework. Develop an implementation plan and review cycle to ensure service levels are continuously updated, monitored, and reported on.

Objective SE2 Services are resourced and delivered to specific groups as intended, and citizens are satisfied with the outcomes

KPI SD 2.1 → Percent of citizens satisfied with the range of County services available/delivered

KEY MILESTONES

 Budget 2024 provided an opportunity to engage with citizens about the services the County provides, promoting greater knowledge and awareness.

NEXT STEPS

- Leverage the Service Management Framework to improve communication and engagement with citizens regarding County-delivered services.
- Integrate service view into the 2024 Budget presentation to increase awareness of County services and costs.

KPI SD 2.2 → Percent of citizens satisfied with the County's defined service levels

KEY MILESTONES

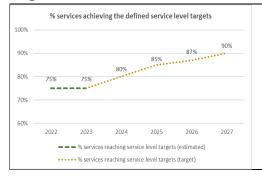

• Service Capacity Project has defined service levels for all services, which can be used to communicate with the public about what they can expect.

NEXT STEPS

 Leverage the Service Management Framework to improve communication and engagement with citizens regarding service levels. Opportunities include 2024 Citizen Survey, future budget engagement, etc.

KPI SD 2.3 → Percent of services achieving defined service level targets

KEY MILESTONES

• Service Capacity Project has identified measures for the County's 54 help to be used to monitor achievement of service levels.

NEXT STEPS

 Develop and implement a monitoring and reporting process for service levels.

7

Objective SD3 Citizens are satisfied with Public Engagement opportunities and availability of information

KPI SD 3.1 → Percent of citizens satisfied with the information provided by the County

KEY MILESTONES

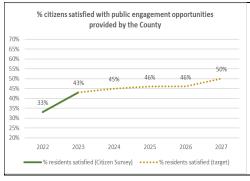

- Conducted Agricultural Tour, showcasing the County's agribusinesses.
- LinkedIn Videos, showcasing the County as an employer of choice.
- Emergency Management Safety Campaign, in response to provincial wildfires.

NEXT STEPS

Continue to implement the approved Communications Strategy.

KPI SD 3.2 → Percent of citizens satisfied with the public engagement opportunities provided by the County

KEY MILESTONES

- Specific engagement includes the Springbank Area Structure Plan, Economic Development Strategy, and Soft Levy Bylaw engagement.
- 2024 Budget Engagement, which had record-breaking participation.
- County Open House, inviting residents to explore County services.
- Launch of Engagement Website, a digital platform that provides a central hub for community interaction.

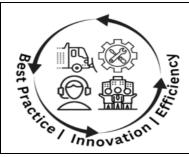

NEXT STEPS

- Finalization and approval of the County Engagement Strategy.
- Review of Policy C-191 Public Participation Policy in February 2024.

Objective SD4 Services are continually assessed for improvements in cost efficiency, effectiveness, and customer experience

KPI SD 4.1 \rightarrow Percent of services that are assessed annually for innovation opportunities and have demonstrable efficiency improvements.

KEY MILESTONES

- Commenced a current state analysis of Recreation, Parks & Community Support.
- Administration commenced a comprehensive review of the County Government structure.

NEXT STEPS:

 Administration will draft a Service Improvement Framework to support the prioritization of services for assessment. Recreation, Parks & Community Support will serve as a pilot for 2024.

KPI SD 4.2 → Average customer experience rating for identified transactional services.

KEY MILESTONES

- Council approved funding for a project to develop a Customer Service Strategy.
- Planning Department completed and communicated improvements to the pre-application process and commenced regular Customer & Stakeholder Feedback Surveys.

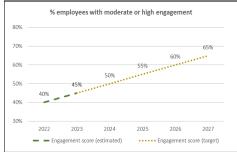

NEXT STEPS

• Commence the Customer Service Strategy project.

STRATEGIC PLAN: Q3

KPI SD 4.3 → Employee Engagement Score

KEY MILESTONES

 Implementation of the People Strategy, including some key initiatives: update to the Learning & Development Policy, Safety Eyewear Pilot, and Employee Appreciation Week.

NEXT STEPS:

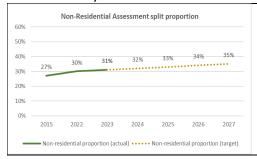

- Continue implementation of the People Strategy.
- Conduct Employee Wellness & Workplace Flexibility Survey.

FINANCIAL PROSPERITY

Objective FP1 Successfully planning and managing tax revenues between residential and non-residential landowners

KPI FH 1.1 → Residential/Non-Residential Assessment Split Ratio as set out in the Assessment Diversification Policy

KEY MILESTONES

 Prairie Gateway Initiative underway, a partnership between City of Calgary and Rocky View County, to establish an industrial growth corridor along Calgary's southeast boundary.

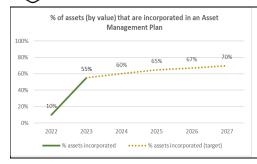

NEXT STEPS:

• Complete Economic Development Strategy, present to Council for approval.

Objective FP1 Ensuring County remains financially sustainable for future generations

KPI FP 2.1 → Percent of assets (by value) that are incorporated in an Asset Management Framework

KEY MILESTONES

- Approval and funding of the Asset Management Project (July 2023).
- Gap analysis of County asset inventory complete.

NEXT STEPS

- Develop Utility and Building asset inventories.
- Complete Infrastructure Report.
- Council Briefing in February 2024.

THOUGHTFUL GROWTH

Objective TG1 Ensuring County remains financially sustainable for future generations

KPI TG 1.1 \rightarrow Complete new Municipal Development Plan (MDP) in alignment with the Regional Growth Plan (RGP) within legislated timelines

% completion of new MDP

■ Currently Complete ■ 2025

KEY MILESTONES

 Phase 1 (Initiation and Planning) complete with the delivery of the Review Background Report.

NEXT STEPS

 Phase 2 (Draft Plan & Engagement) will commence, which will include community and stakeholder engagement.

KPI TG 1.2 \rightarrow Complete Area Structure Plans (ASPs) in alignment with the Regional Growth Plan (RGP) and Council priorities

KEY MILESTONES

- Janet ASP Servicing Plan reworked to align with the Regional Growth Plan; resubmitted to Calgary Metropolitan Region Board (CMRB).
- Springbank ASP public engagement completed.
- Conrich ASP public engagement underway.

NEXT STEPS

- Janet ASP recommendation from CMRB.
- Draft Springbank ASP for Q1 2024 public hearing.
- Prepare Conrich ASP for Q1 2024 public hearing.

KPI TG 1.3 → Update Land Use Bylaw (LUB) to implement land use strategies created in MDP and ASPs

KEY MILESTONES

 Phase 1 examining Business Live-Work (B-LWK), Special Purpose – Future Urban Development (S-FUD), Special Function Business (SFB), Home-based Business – continued.

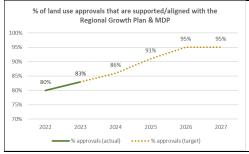

NEXT STEPS

- B-LWK, S-FUD, SFB, and Home-Based Business (Phase 1) to Council October 31, 2023.
- Develop scope of work and timelines for Phases 2-3 of the project.

Objective TG1 Clearly defining land use policies and objectives for the County

KPI TG 2.1 → Percent of land use approvals that are supported/aligned with the Regional Growth Plan & MDP

KEY MILESTONES

• In Q2 2023, Council approved Administration's recommendation in alignment with policy 82.4% of the time. This compares to 87.5% in Q2.

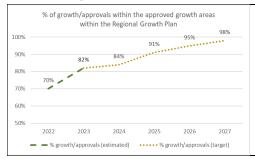

NEXT STEPS:

Planning will continue to improve reports, templates, and policy analysis.

STRATEGIC PLAN: Q3

KPI TG 2.2 → Percent of growth/approvals within the approved growth areas within the Regional Growth Plan

KEY MILESTONES

 Aligning statutory documents to Regional Growth Plan to ensure growth occurs in approved areas.

NEXT STEPS

· Continue updates and alignment.

KPI TG 2.3 → Percent of statutory plans that align with the Regional Growth Plan and receive an approval recommendation from Calgary Metropolitan Regional Board (CMRB) Administration

KEY MILESTONES

 The County has revised the Janet ASP to align the servicing plan with the requirements of the Regional Growth Plan and has resubmitted it for CMRB consideration.

NEXT STEPS

- CMRB Administration recommendation for Janet ASP expected in Q4 2024.
- Springbank and Conrich ASP submission to CMRB expected in early 2024.

Objective TG2 Demonstrating leadership within the CMRB and leveraging the County's strategy for growth within the Regional Growth Plan

KPI TG 3.1 \rightarrow Percent of County statutory plans, challenged by a CMRB member municipality, despite CMRB Administration approval recommendations.

KEY MILESTONES

 There have been no challenges to Rocky View statutory plans by a CMRB member municipality as of Q3 2023.

NEXT STEPS

 Administration will continue to work in partnership with regional municipalities to ensure a collaborative approach to statutory plans.

KPI TG 3.2 → Percent of Technical Advisory Groups (TAGs) with active County Administrative participation

KEY MILESTONES

 In Q3, Administration had 100% participation, attending all 8 Technical Advisory Group meetings held, and contributing 79 staff hours to preparation, attendance, and follow up.

NEXT STEPS

 Administration will continue active participation in all TAGs, as per Council direction.

AGRICULTURAL AND ENVIRONMENTAL SERVICES

PROJECTS AND INSPECTIONS

| | Q1 | | Q2 | | Q3 | |
|---|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Approved Alternative Land Use Services Projects | 3 | 4 | 0 | 0 | 0 | 0 |
| Fields Inspected for Clubroot | 0 | 0 | 0 | 0 | 611 | 554 |
| Weed Inspection Cases | 0 | 0 | 0 | 110 | 573 | 526 |
| Educational/Outreach Programs Executed | 16 | 10 | 5 | 0 | 3 | 3 |

Alternative Land Use Services (ALUS) Projects: while ALUS projects can occur throughout the year, approvals predominantly take place in the first quarter. This explains the decrease in activity from Q2 to Q3.

Fields inspected for clubroot were down in 2023, however, the number of inspections is dependent on the canola field inventory. Weed inspections increased considerably in 2023, due to both and increase in complaints and proactive inspections.

ROADSIDE MAINTENANCE

| | Q1 | | Q2 | | Q3 | |
|---|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Roadsides Mowed- Annual Program (%) | 0 | 0 | 70% | 40% | 100% | 100% |
| Roadsides Controlled for Invasive Weeds (%) | 0 | 0 | 0 | 5% | 100% | 100% |

Mowing and spraying programs in Q3 were executed fully. The average time to close service requests was 12.4 hours.

BUILDING SERVICES

INSPECTIONS

| | Q1 | | Q2 | | Q3 | |
|---------------------------------|------|-------|-------|-------|-------|-------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Inspections Completed: Building | 552 | 1,189 | 1,053 | 1,495 | 1,256 | 1,544 |
| Inspections Completed: Subtrade | 844 | 1,573 | 1,683 | 1,928 | 1,726 | 2,056 |

Building Services continues to see a significant increase in inspections as compared to 2022. Year to date, there has been a 32% increase in building inspections and a 23% increase in subtrade inspections as compared to 2022.

PERMITS

| | Q1 | | Q2 | | Q3 | |
|--------------------------|------|------|-------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Permits Issued: Building | 275 | 237 | 355 | 318 | 375 | 395 |
| Permits Issued: Subtrade | 943 | 780 | 1,211 | 848 | 1194 | 1152 |

The number of building permits issued in Q3 is up slightly as compared to the same period last year, and up nearly 20% from Q2 2023. While sub-trade permits issued is down slightly as compared to the same period in 2022, they are up 26% from Q2. This can be attributed to regular fluctuations but also to the department handling a greater volume of large or higher-value projects.

CAPITAL AND ENGINEERING SERVICES

CAPITAL PROJECTS

| | 2023 | | | |
|-----------------------------|------|----|----|--|
| Metric | Q1 | Q2 | Q3 | |
| Capital Projects - On Track | 16 | 31 | 22 | |
| Capital Projects - Total | 17 | 36 | 26 | |

Ten capital projects were competed in Q3, bringing the total number of underway projects for 2023 down to 26. Eighty-five percent of the County's capital projects are on track.

ENGINEERING PROJECTS

| | 2023 | | | |
|---------------------------------|------|----|----|--|
| Metric | Q1 | Q2 | Q3 | |
| Engineering Projects - On Track | 3 | 3 | 3 | |
| Engineering Projects - Total | 5 | 5 | 5 | |

The number of Engineering projects remains unchanged in Q3, with 60% being on track. Resources were allocated to the most critical projects, with less critical project timelines having been extended.

PLANNING CIRCULATION RESPONSE TIME

| LANNING CIRCULATION RESPONSE TIME | | | | | |
|-------------------------------------|-----|------|-----|--|--|
| | | 2023 | | | |
| Metric | Q1 | Q2 | Q3 | | |
| Circulation Responses: On Time | 63% | 62% | 77% | | |
| Circulation Responses: 1 Week Past | 17% | 18% | 11% | | |
| Circulation Responses: 2 Weeks Past | 20% | 20% | 12% | | |

Capital & Engineering Services improved their circulation response in Q3, increasing by 15% to 77% on time.

COMMUNICATIONS AND ENGAGEMENT

| | Q1 | | C | 12 | Q3 | |
|---|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Reviews/Communications for Council & Board Meetings | 19 | 15 | 51 | 81 | 17 | 18 |
| Public Notices and County Reviews | 63 | 59 | 61 | 61 | 88 | 65 |
| Safe & Sound Notifications | 137 | 140 | 172 | 110 | 165 | 46 |
| Social Media Posts | 117 | 112 | 104 | 326 | 102 | 324 |
| Weekly Media Clippings | 12 | 13 | 13 | 13 | 14 | 11 |
| StaffSource Requests | 45 | 59 | 55 | 50 | 23 | 29 |
| Media Requests | 48 | 33 | 48 | 29 | 40 | 15 |

A media relations strategy, part of the 2023-2025 Communications & Engagement Strategy, is successfully lowering the number of media requests. By proactively providing information to media partners, the County has fewer follow-up requests for additional details. Additionally, the County's social media presence has tripled in 2023 with the addition of a digital media coordinator.

PROJECTS

| | Q1 | | 0 | 2 | a | Q3 | |
|------------------------|------|------|------|------|------|------|--|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 | |
| Active Key Projects | 69 | 73 | 73 | 80 | 4 | 4 | |
| Communication Projects | 102 | 132 | 164 | 162 | 58 | 53 | |

Significant Communications & Engagement projects include:

- County Open House: Our municipal building transformed into a hub of interaction, inviting residents to explore the inner workings of the County. Through hands-on experiences with operational equipment and insightful conversations with staff, residents gained a deeper appreciation of the County's dedication to quality service delivery.
- Budget Engagement: Breaking records in participation, this year's budget engagement process magnified the voice of our community. The valuable feedback gathered has been instrumental in shaping decisions that align with public sentiment and service expectations.
- LinkedIn Videos: Targeting potential employees, this series positioned the County as an employer of choice, demonstrating our commitment to attracting and retaining top talent, which in turn benefits the community through enhanced services.
- Emergency Management Safety Campaign: In response to an extreme provincial wildfire season, our proactive educational initiative kept residents informed and prepared, highlighting our dedication to ensuring a safe and informed community.
- Engagement Website Launched in July: This new digital platform, a testament to our evolving engagement program, has become a central hub for community interaction. It's a symbol of our unwavering commitment to listening, transparency, and participatory governance.

CUSTOMER CARE & SUPPORT

| | Q1 | | C | 12 | 2 (| |
|---|-------|-------|--------|--------|--------|--------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Calls: Business Hours | 9,504 | 9,672 | 14,332 | 12,090 | 12,726 | 11,066 |
| Calls: After Hours | 391 | 423 | 601 | 740 | 576 | 448 |
| Incoming E-mails (questions@rockyview.ca) | 485 | 577 | 601 | 530 | 701 | 631 |
| Work Requests | 120 | 150 | 98 | 130 | 111 | 138 |

Incoming calls and email correspondence in 2023 are down slightly as compared to the same quarter last year, however, Customer Care & Support is experiencing similar or slightly higher demand in 2023. Customer Care & Support continues to see a steady increase in the volume of work requests received, which primarily involve internal administrative tasks from other departments. This increase in workload reflects both the growth of the organization and the wide array of support that is available within the Customer Care & Support department.

ECONOMIC DEVELOPMENT

A new Manager for Economic Development was hired September 5, 2023. Collection of economic development metrics began at that time and will be reported in Q4. The Economic Development Strategy is scheduled for completion in Q4.

ENFORCEMENT SERVICES

PHONE CALLS

| | Q1 | | 0 | 2 | C | |
|--------------------------------------|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Phone Calls Received – After Hours | 66 | 71 | 95 | 173 | 95 | 224 |
| Phone Calls Received – Regular Hours | 301 | 477 | 463 | 649 | 463 | 621 |

TRAFFIC

| | Q1 | | 0 | 2 | a | 3 |
|----------------------------|-------|-------|-------|-------|-------|-------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Commercial Vehicle Checks | 85 | 95 | 142 | 205 | 84 | 128 |
| Traffic Interactions/Stops | 2,107 | 3,938 | 2,498 | 2,970 | 2,384 | 3,170 |

BYLAW

| | Q1 | | C | 12 | a | .3 |
|---------------|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Bylaw Reports | 365 | 596 | 454 | 670 | 537 | 892 |

As of Q3 2023 Enforcement Services has seen increases in volume across all metrics as compared to 2022. Though the increase is explained in part by better tracking methods, there has also been an overall increase in complaints. Notable is the 45% increase in phone calls and the 49% increase in bylaw reports.

FIRE & EMERGENCY SERVICES

In Q3 2023, Fire Services achieved several significant milestones. A new fire response contract was established with Wheatland County, alongside a mutual aid agreement with Kneehill County, enhancing regional collaboration and emergency support. During this quarter, Fire Services also successfully supported the Wings Over Springbank three-day event with their emergency response services and participated in the Rocky View County Open House on July 20, 2022, to engage with the community. In staffing advancements, Dave McMahon was appointed as the new District Fire Chief of Training, and the team expanded with the hiring of four Paid Per Call Firefighters for Madden, Irricana, and Langdon Stations, as well as 11 Part Time Firefighters for Elbow Valley, Springbank, Bearspaw, and Balzac Fire Stations.

The completion of the Live Fire Training Facility marked a significant enhancement in training infrastructure. Furthering their commitment to continuous learning, twenty-seven members attended an Electric Vehicle training course hosted by an external stakeholder. Additionally, a federal grant enabled the provision of a resiliency-based mental health program by Wayfound, empowering public safety employees to proactively manage their mental health.

NUMBER OF INCIDENTS (TOTAL BY STATION)

| | Q1 | | a | 2 | O | Q3 | |
|---------------------------------|------|------|------|------|------|-----------|--|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 | |
| BALZAC | 124 | 145 | 167 | 207 | 205 | 217 | |
| BEARSPAW | 82 | 87 | 105 | 107 | 114 | 129 | |
| BEISEKER | 3 | 9 | 7 | 11 | 12 | 8 | |
| CROSSFEILD | 29 | 40 | 32 | 44 | 54 | 69 | |
| ELBOW VALLEY | 44 | 40 | 51 | 78 | 62 | 77 | |
| Head Quarters (HQ) ¹ | 0 | 3 | 0 | 31 | 0 | 95 | |
| IRRICANA | 24 | 26 | 37 | 64 | 54 | 44 | |
| LANGDON | 74 | 107 | 101 | 149 | 127 | 122 | |
| MADDEN | 20 | 12 | 24 | 26 | 21 | 26 | |
| REDWOOD MEADOWS | 41 | 40 | 24 | 64 | 47 | 62 | |
| SPRINGBANK | 78 | 83 | 97 | 151 | 115 | 140 | |
| ANY STATION ² | 0 | 1 | 63 | 119 | 10 | 2 | |

¹HQ refers to any responses that required a Chief Officer in attendance on the scene.

Elbow Valley has continued to see exponential growth in residential traffic and has increased call volumes over the last year by 20%. The traffic increase has been largely due to the Hwy 8 construction and corridor use of Stoney Trail for access from Calgary. Madden Fire Station call volume has increased by 19% due to the increase in motor vehicle collisions. Contract stations continue to increase in call volume while serving our residents. In comparison from 2022 to 2023 there has been an average of 13% increase in call volume in contracted areas in Rocky View County.

² Any Station refers to stations that are mutual aid partners, not contracted service areas.

FIRE SERVICES & ACTIVITIES

| | Q1 | | C | 12 | Q3 | |
|--------------------------------------|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Fire Inspections ¹ | 11 | 15 | 44 | 41 | 10 | 30 |
| Fire Investigations ² | 17 | 37 | 18 | 33 | 19 | 27 |
| Public Education Events ³ | 3 | 6 | 8 | 14 | 11 | 9 |

¹Fire inspections were a combination of fire inspections, licensing inspections, special events and or complaints.

COMPARISON OF CALLS & RESPONSES

| | Q1 | | C | 12 | C | 13 |
|---------------------------------------|------|------|------|------|------|-----------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Fire (Structure, Vehicle, Grass etc.) | 105 | 74 | 162 | 256 | 193 | 238 |
| Motor Vehicle Collision | 118 | 147 | 163 | 182 | 169 | 229 |
| Medical Assist | 141 | 184 | 181 | 240 | 247 | 244 |
| Alarms | 100 | 135 | 110 | 160 | 151 | 191 |
| Other | 67 | 53 | 79 | 96 | 61 | 90 |

The largest increase on response type has been in the 'Other' response category, with the most increased call type being gas leak/rupture due to the numerous commercial and residential construction projects throughout the County. Public Hazard mitigation has also increased as firefighters continue to ensure roadway safety for residences and power utility investigations. Structure Fires, Grass Fires, and Vehicle Fires have continued an upward trend of 19% when comparing year to year quarter statistics. Motor vehicle calls increased by 26% and alarms calls by 21%. We have seen an increase in traffic in all transportation corridors and increased roadwork and detours. Development throughout the County continues which is reflected in the increase of alarms calls for commercial buildings.

Fleet Maintenance

We continue to work with our fleet maintenance contractor in developing a current assessment of fleet strengths and weaknesses. In the same quarter we also saw increased down time for maintenance and repairs due to parts supply, scheduled maintenance as per Provincial Regulations and Fire Underwriters Survey Requirements, and pump performance and capability assessment.

As Wildfires were very prevalent in the province, we were unable to assist our provincial partners with equipment and staffing given our operational needs.

Staffing

The Platoon Captains Pilot Project continues to provide support for headquarters and staff while exceeding expectations and enhancing day to day operations. Fire Services continues to source a candidate to fill the role of Assistant Chief of Prevention.

²Fire investigations were reported to the Office of the Fire Commissioner, and they involved structures, vehicles and equipment.

³Events were a combination of fire hall tours, community events, and presentations to school aged children.

An Awards Ceremony for members that were receiving both Federal and Provincial Awards for years of service. Nominations were received from fire services members for the Distinguished Service Award for 2023, and the award went to a deserving firefighter from Irricana Station.

LEGISLATIVE & INTERGOVERNMENTAL SERVICES

Legislative Services

SUB-DIVISION APPEAL BOARD (ARB)

| | Q1 | | C | 2 | Q3 | |
|---------------------------------|------|------|------|------|------|----------------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| SDAB Hearings Held ¹ | 1 | 1 | 12 | 8 | 3 | 5 |
| SDAB Appeals Received | 0 | 6 | 23 | 13 | 10 | 14 |
| SDAB Decisions Made | 1 | 0 | 4 | 8 | 13 | 5 |
| Withdrawals sent to LPRT | 0 | 2 | 0 | 0 | 0 | 3 ² |
| SDAB Decisions Appealed | 0 | 0 | 0 | 2 | 3 | 0 |

¹ Appeals are not always heard in the same month they are received; the department has a 30-day window to schedule a hearing after receiving an appeal. This discrepancy can sometimes create a disparity between the number of appeals received and the hearings held.

ASSESSMENT REVIEW BOARD (ARB)

| | Q1 | | C | 12 | Q3 | |
|--|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Assessment Review Board (ARB) Hearings Held | 0 | 0 | 2 | 0 | 3 | 6 |
| Composite Assessment Review Board (CARB) Appeals Received | 0 | 0 | 52 | 72 | 2 | 0 |
| CARB Decisions Made ¹ | 0 | 0 | 0 | 0 | 0 | 5 |
| Local assessment Review Board (LARB) Decisions Made | 0 | 0 | 3 | 1 | 0 | 0 |
| LARB Appeals Received | 6 | 5 | 7 | 9 | 0 | 0 |

Intergovernmental Services

REGIONAL PARTNERS

Regular Intermunicipal Committee (IMC) meetings between elected officials and senior administration foster relationships, resolve issues, and seek collaboration opportunities. Throughout Q3, 2023, IMC meetings occurred with the City of Airdrie and the City of Chestermere.

The following intergovernmental agreements were completed:

- Solid Waste Agreement with City of Airdrie extended.
- Fire Services Agreement with City of Airdrie renewed.
- Memorandum of Understanding (MOU) with Village of Beiseker clarifying roles in Mutual Aid Agreement.

² A withdrawal and a hearing being sent to LPRT does not occur. Q3 data shows 3 withdrawals but none were sent to LPRT.

CALGARY METROPOLITAN REGION BOARD (CMRB)

Administration participated in eight technical advisory group meetings, which equated to 79 staff hours, and provided support to elected officials for four CMRB Board and committee meetings, which equated to 31 staff hours.

PEOPLE AND CULTURE

EMPLOYEE HEADCOUNT

| | | 2023 | | | | | |
|--|-------|-------|-------|--|--|--|--|
| Metric | Q1 | Q2 | Q3 | | | | |
| Permanent Employees - Total Count | 317 | 311 | 324 | | | | |
| Permanent Employees - Total Operating | 328.5 | 328.5 | 344.5 | | | | |
| Permanent Employees - Vacancy | 11.5 | 17.5 | 20.5 | | | | |
| Permanent Employees - Rate | 4% | 6% | 6% | | | | |
| | | | | | | | |
| Part time Fire Fighter - Count | 116 | 112 | 110 | | | | |
| Part time Fire Fighter - Total Operating | 120 | 120 | 120 | | | | |
| Part time Fire Fighter - Vacancy | 4 | 8 | 10 | | | | |
| Part time Fire Fighter - <i>Rate</i> | 3% | 7% | 8% | | | | |
| | | | | | | | |
| Paid Per Call Fire Fighter - Count | 66 | 72 | 68 | | | | |
| Paid Per Call Fire Fighter - Total Operating | 90 | 90 | 90 | | | | |
| Paid Per Call Fire Fighter - Vacancy | 24 | 18 | 22 | | | | |
| Paid Per Call Fire Fighter - Rate | 27% | 20% | 24% | | | | |

| Totals | 2023 | | | | |
|-----------------|-------|-------|-------|--|--|
| | Q1 | Q3 | | | |
| Count | 518 | 557 | 525 | | |
| Total Operating | 538.5 | 538.5 | 554.5 | | |
| Vacancies | 39.5 | 43.5 | 52.5 | | |
| Vacancy rate | 7% | 8% | 9% | | |

The County experienced an increase in overall FTEs in Q3 resulting from Council's approval of 16 new positions to support strategic priorities. Recruiting to these new vacancies is disruptive to the organization's operational services as considerable amount of time spent by Managers, hiring panels, and support teams in managing recruitment processes. However, the realization of benefits from the additional FTE will start to materialize in Q4. Note that the majority of Seasonal Employees will be ending their terms throughout the Fall.

TENURE

| | 2023 | | | | |
|---------------------|------|-----|-----|--|--|
| Metric (% of staff) | Q1 | Q2 | Q3 | | |
| Less Than 1 Year | 15% | 17% | 14% | | |
| 1 to 5 Years | 31% | 30% | 35% | | |
| 6 to 10 Years | 22% | 22% | 20% | | |
| Over 10 Years | 32% | 31% | 31% | | |

The length of service among County staff is consistently distributed across all categories, and there have been no substantial changes observed from Q2 to Q3.

TURNOVER

| | 2023 | | | | |
|-------------|------|----|----|--|--|
| Metric | Q1 | Q3 | | | |
| Involuntary | 1% | 1% | 1% | | |
| Voluntary | 3% | 5% | 3% | | |

Staff turnover has remained relatively consistent from Q2 to Q3.

HEALTH & SAFETY

| | 2023 | | | | |
|--|------|----|----|--|--|
| Metric | Q1 | Q2 | Q3 | | |
| Injuries | 12 | 12 | 2 | | |
| Dollar Loss Damage Incidents: < 1,000 (\$) | 17 | 22 | 35 | | |
| Dollar Loss Damage Incidents: 1,000 - 4,999 (\$) | 5 | 5 | 7 | | |
| Dollar Loss Damage Incidents: 5,000 - 9,999 (\$) | 3 | 1 | 0 | | |
| Dollar Loss Damage Incidents: 10,000 - 19,999 (\$) | 1 | 0 | 0 | | |
| Dollar Loss Damage Incidents: 20,000 - 49,999 (\$) | 1 | 0 | 0 | | |

The County's Health and Safety metrics are showing an increase in the positive predictive indicators, coupled with a decrease in injuries and overall cost of equipment damage. Q3 had no significant costs related to equipment damage. These indicators demonstrate the effectiveness of the County's Safety Program and that it is delivering the intended results.

PLANNING SERVICES

INQUIRIES

| | Q1 | | Q2 | | Q3 | |
|----------------|-------|-------|------|-------|-------|-------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| E-mails | 1,100 | 1,172 | - | 1,345 | 1,232 | 1,730 |
| Calls | _1 | 1,119 | - | 1,260 | 976 | 1,019 |
| Counter Visits | 222 | 299 | 312 | 359 | 269 | 361 |

¹ Data not available: the department's tracking for the initial half of 2022 was impacted by various factors, leading to either incomplete or unreliable data for that time frame. These challenges were addressed and mitigated as the year unfolded, and the process of tracking and recording data has significantly improved. Over time, this comparison data will improve for each quarter, allowing for a more comprehensive analysis of trends and developments.

The overall volume of Planning Department inquiries has generally increased as compared to 2022. Notably, in Q3 2023 there was a 22% increase in emails over Q2, and a nearly 30% increase over the same period the previous year. The speculative reason is due to the increasing number of developments across the County, and points to the need to improve information available online. The Planning customer service team continue to improve inquiry response times and are consistently within the 24-hour response time set for the service area.

DEVELOPMENT

| | Q1 | | Q2 | | Q3 | |
|--|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Pre-application Meetings Held | - | 18 | - | 17 | - | 33 |
| Development Permit Applications Rendered | 103 | 83 | - | 74 | 100 | 84 |
| Development Permit Applications Received | 125 | 117 | 63 | 116 | 126 | 129 |
| RPRs (Real Property Reports) Processed | 158 | 150 | - | 164 | 203 | 145 |

The number of Development Permit (DP's) received by the department has remained consistent and is expected to reach the annual average of 450 by the end of year.

APPLICATIONS

| | Q1 | | Q2 | | Q3 | |
|--|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Planning Application Decisions Rendered | 29 | 24 | - | 26 | 27 | 26 |
| Planning Applications Received | 47 | 29 | 63 | 46 | 57 | 33 |
| Percent Subdivision Applications Processed Within Time Frame (6mo) | 42% | 47% | - | 53% | 33% | 71% |
| Percent Planning Applications Processed Within Time Frame (10mo) | 48% | 46% | - | 100% | 44% | 68% |

Planning Services continues to make progress on reducing timelines for processing planning applications and subdivisions. Planning Services targets 80% of applications being processed within the desired service delivery timeframes (6 months for subdivision and 10 months for planning), and though the target is not being consistently reached, there are significant improvements over 2022. In Q3, subdivision application processing improved by 18%; all applications were delegated to Administration, which helped with achieving timelines. Planning

applications for this period have improved by 24% on Q3 2022, showing continued stability in the department, process improvements, and additional staff added since mid-2022 (first temporary, then converted to permanent). The progression of some legacy applications to Council, which in some cases have taken over a year, is lowering the reported performance, but overall the average time for a decision has reduced.

Circulations & Plans

| | Q1 | | Q2 | | Q3 | |
|--------------------------------------|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Intermunicipal Planning Circulations | 62 | 69 | 76 | 67 | 38 | 67 |
| Active Area Structure Plans | 3 | 2 | 3 | 3 | 3 | 5 |

The volume of intermunicipal planning circulations and Area Structure Plans (ASPs) has remained relatively consistent as compared to 2022. Currently the Planning department is working on the Janet, Conrich, and Springbank ASPs (see Priority/Major Projects update). Bearspaw ASP has recommenced in Q3, and Planning is also providing ongoing support towards the Prairie Gateway project.

RECREATION, PARKS & COMMUNITY SUPPORT

APPLICATIONS & PERMITS

| | Q1 | | Q2 | | Q3 ³ | |
|--|-----------------|------|------|------|-----------------|------|

| Special Event Applications Processed | _2 | _2 | 56 | 63 | 56 | 50 |
| Special Event Permits Issued | 13 | 13 | 13 | 23 | 39 | 29 |

 $^{^{\}rm 1}\,{\rm Due}$ to tracking limitations, data from this time is an estimate.

FUNDING APPROVED

| | O | 1 | С | 12 | Q | 3 ³ |
|---|--------------|--------------|--------------|--------------|------|-----------------------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Funding Approved: FCSS (\$) | 854,000.00 | 884,300.00 | _1 | _1 | - | - |
| Funding Approved: Recreation (\$) ² | 400,000.00 | 433,945.00 | 1,200,000.00 | 3,286,050.00 | - | - |
| Funding Approved: Library (\$) | - | - | 663,830.00 | 687,400.00 | - | - |
| Funding Approved: Specialized Transportation (\$) | - | - | 303,500.00 | 403,000.00 | - | - |
| Funding Approved: Total (\$) | 1,254,000.00 | 1,318,245.00 | 2,167,330.00 | 4,376,450.00 | - | - |

¹ While FCSS funding is distributed quarterly, it's important to note that the approval process takes place in late fall for the upcoming year. Therefore, the funding approved will only appear in Q1.

² Data not available for Q1 due to tracking limitations.

³ Applications are not accepted or considered in Q3.

² Recreation funding includes standard recreation grants as well as Langdon Special Tax grants (specific to Langdon amenities and programs) and emergency funding for recreation and community facilities that serve County residents.

³ There are no funding approvals conducted in Q3.

COMMUNITY OUTREACH

| | Q1 | | Q2 | | Q3 | |
|------------------------------|------|------|------|------|------|------|
| Metric | 2022 | 2022 | 2022 | 2023 | 2022 | 2023 |
| Community Connections | 224 | 235 | 300 | 240 | 300 | 270 |
| Hours Spent in the Community | 61 | 64 | 75 | 78 | 100 | 34 |

Q3 2023 saw an increase in community connections as compared to Q2, but were down slightly from the same period in 2022. Q3 2023 saw a decline in the number of hours spent in the community, as compared to both Q2 2023 and Q3 of 2022. The high number of hours in 2022 can be explained by two special engagements, one for the Langdon recreation facility and one for the Springbank recreation facility, which resulted in additional hours. Additionally, in Q3 2023, the community tended to prefer more online meetings, rather than face to face meetings in the community.

²Self-haul sites were open one extra operational day (Saturday) in Q3, resulting in increased visits and tonnage.

 $^{^3}$ Curbside collections saw an increase in customers and number of households upsizing their garbage carts.

^{*}Q1 & Q2 data for 2022/23 has been updated due to calculation error

TRANSPORTATION SERVICES

SNOW AND ICE EVENTS

| | C |)1 | C | 12 | Q3 | |
|---|------|------|------|------|------|------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Priority 1 Number of Snow and Ice Events | 33 | 29 | 5 | 3 | 0 | 0 |
| Priority 1 Snow and Ice Response Within <u>36 Hours</u> | 33 | 29 | 5 | 3 | 0 | 0 |
| Priority 2 Number of Snow and Ice Events | 33 | 29 | 5 | 3 | 0 | 0 |
| Priority 2 Snow and Ice Response Within <u>60 Hours</u> | 33 | 29 | 5 | 3 | 0 | 0 |

In 2022 and 2023, Transportation Services consistently reported a 100% response rate to snow and ice events within the prescribed service level. Specifically, for priority 1 roads, this target is set at 36 hours, while for priority 2 roads, it is 60 hours. Q3 did not see any snow events, as expected.

SERVICE REQUESTS, PERMITS & APPLICATIONS

| | O | 1 | O | 2 | Q3 | |
|---|------|------|------|-------|-------|-------|
| Metric | 2022 | 2023 | 2022 | 2023 | 2022 | 2023 |
| Total Service Requests (SR's) initiated and actioned | 268 | 422 | 315 | 363 | 246 | 235 |
| Permits and Applications Processed (Road Use, Heavy Haul, Ag) | 915 | 945 | 906 | 1,059 | 1,100 | 1,294 |

2023 has seen a 23% increase in services requests for the department. This increase is primarily driven by environmental factors like drought, flooding, and drifting. It is worth noting that these numbers fluctuate annually, and as the County's population continues to grow, so will the demand and the subsequent service requests.

Permits and applications processed have increased by 13% in 2023 compared to the same period in 2022.

¹ 2022 utility customers were tallied annually; therefore the 2022 data represents the total number of customers for that year. Utility customer data tallies changed to quarterly starting in Q2 2023.

² The tracking of Service Requests (SR) was implemented in 2022. Since April 2023 improvements have been made in documenting these SR's.

³ 2023 water usage increased compared to 2022. This was due to commercial developers utilizing portable meters for construction and flushing purposes, and hydrant meter flushing. This increase also reflects customer growth. The degree of increases observed in Q1 and Q2 2023 are not seen in Q3 due to many customers practicing water conservation during hot dry summer months.

⁴Service Requests (inquiries) have almost doubled since Q2, and more than tripled over the same period in 2022. This is due to our efforts to be more proficient in creating Service Requests for all Utility Services inquiries.

FINANCIAL UPDATE

Municipal Operations

The overall municipal operations variance is expected to become a \$7.6 million favorable variance at year-end primarily due to:

- Higher than anticipated revenues of \$6.6M: Includes investment interest revenues of \$2.6M, building and development permit revenue of \$3.6M, traffic fines and fire services revenue of \$492K, and tax penalty revenue of \$279K. This is offset by a reduction in tax revenue (\$324K).
- Higher than anticipated cost saving of \$1.0M: because of reduced staffing cost due to vacancies, leave of absence, and unused training.

Total 2023 budget increased by \$3.8M from Q2 to Q3 due to the following approved budget adjustments:

- Highway 1 & RR33 Interchange Improvements (\$2M),
- Strategic Investments to Advance the County's Strategy Program (\$804K),
- Prairie Economic Gateway Initiative (\$785K),
- Adjustment Required to Address Budget Shortfall in the CAO Office (\$150K).
- Increase in Community Social Support Programs (36K),
- 2022/23 EMPP Grant for Emergency Management Preparedness Training (\$25K)

| Municipal Operations | Projected Variance to December 31, 2023 | | | |
|---------------------------------------|---|--|--|--|
| (in millions of dollars) | 2023 Year End Surplus | | | |
| Total TAX Supported Surplus (Deficit) | 12.7 | | | |

Capital Spend

The total capital budget of \$44.4 million consists of the current year and the prior year's carry-forward amounts. As of September 30, 2023, \$11.8 million of the total County capital budget has been spent or committed.

Attachment C contains variance analysis on individual major/significant projects. Major projects in the County are defined as projects with a budget equal to or greater than \$1.0 million.

FINANCIAL UPDATE

Debt Limit Calculation

As of September 30, 2023, the County had \$59.0 million of long-term debt outstanding, which consisted of \$56.5 million in capital debt and \$2.5 million in operating debt. The county is trending to \$53.7 million at year's end. Additional details are shown in Attachment D.

Reserves

As of September 30, 2023, the County had recognized a \$1.5 million increase in reserves for a balance of \$141.9 million, consisting of an increase for the unallocated tax, set at the 2023 budget approval, to the tax stabilization Reserve of \$2.2M, accrued interest to the public reserve of \$2.0M, and interest revenue for the Utility Off-site Levy Reserve accounts of \$119K. This amount is offset by the transfer to revenue of the 2022 Carry Over of (\$2.3M), general grants to the community via public reserve (\$435K), and the transfer to revenue of the 2022 FCSS surplus (\$32K) from the Tax Stabilization Reserve. Additional details on reserve accounts are shown in Attachment E.

Notes:

1 Council

Expenses: At \$640K, expenses are 70% of the 2023 total budget. The Q3 year-to-date budget to actual variance is favorable by \$46K due to the unspent budget for conferences and open houses uniformly budgeted across the year but scheduled to occur in the latter part of the year (October/November). Expenses at year-end are forecasted to be below budget by approximately \$32K due to cost savings in the following areas: Training and Conferences: \$16K; Community Outreach: \$8K; Council Initiatives and Services: \$7.5K; and Materials: \$1K.

2 Chief Administrative Officer

Revenues: At \$355K, revenues are 14% of the 2023 total budget. The Q3 year-to-date budget to actual variance is favorable by \$31K primarily due to higher than anticipated assessment review board revenue for appeal fees collected; these funds may be refunded if appeals are withdrawn. Revenues at year-end are expected to be below budget by (\$605K) due to cost savings on Soft Levy and Service Capacity projects (\$350K) funded from Tax Stabilization Reserve, staffing positions unfilled in Strategic Planning, People and Culture and Legislative Services funded from TSR (\$276K), offset by the increase in assessment review board and subdivision and development appeal Board Revenue of \$21K. There is a \$228K increase in the unfavorable forecasted year-end revenue variance from Q2 to Q3, which is mainly due to staffing vacancies within the division.

Expenses: At \$4.54M, expenses are 54% of the 2023 total budget. The Q3 year-to-date budget to actual variance is favorable by \$1.7M due to the timing of invoices for joint project with City of Calgary for the Prairie Economic Gateway Project: \$569K, cost savings on the Soft Levy and Service Capacity projects: \$372K, timing on compensation review and seasonal staff training - scheduled to happen in the latter half of the year but budgeted uniformly across the year: \$213K, unspent planning and engineering fees that are anticipated to be spent by the 4th quarter: \$170K, reduction in staffing cost due to vacancies and leave of absences: \$60K, and Others (reduction in travel costs, legal support for appeals, service invoice timing, and memberships: \$324K). Expenses at year-end are forecasted to be below budget by \$510K due to savings on soft levy and service capacity projects of \$350K, unspent training costs of \$129K, reduced Contracted Services from increased recruitment and negotiation efficiencies of \$30K and others (fewer memberships and subscriptions cost and online review board meetings are less expensive than in-person meetings - \$91.7K). This is offset by increased staffing costs due to severance and interim staffing (\$90K).

Net: The forecasted variance at year-end for the Chief Administrative Officer is projected to be an unfavorable variance of (\$95K) primarily due to an increase in Salary and Wages for severance and Interim positions (\$90K). Previously anticipated cost savings from the underutilized training budget in Q2 are now expected to be mostly utilized by year-end.

3 Corporate Services

Revenues: At \$9.6M, revenues are 148% of the 2023 total budget. The Q3 year-to-date budget to actual variance is favorable by \$6.7M due to higher than anticipated interest revenue: \$4.7M, and developers providing cash in lieu of land: \$1.4M, increased revenue and timing from tax penalties due to new policy: \$382K, and timing of Community Grant Payments: \$279K. Revenues at year-end are expected to be \$7.2M over budget due to higher than anticipated interest revenue of \$5.6M, tax penalty revenue of \$279K, and Cash-In-Lieu for Developments of \$1.4M. A \$400K increase in the favorable forecasted year-end revenue variance from Q2 to Q3 is directly attributable to revenues from Cash-In-Lieu for Developments.

Expenses: At \$13.6M, expenses are 66% of the 2023 total budget. The Q3 year-to-date budget to actual variance is unfavorable by (\$560K) due to a higher-than-anticipated transfer to the public reserve for Cash-In-Lieu of Developments (\$1.4M) and the timing of Community Grants paid out (\$279K), which are offset by staffing vacancies and leave of absence in the Legal and Information Technology department by \$371K and timing of invoices for materials and services expected to occur in Q4 of \$742K. Expenses at year-end are forecasted to be (\$3.9M) above budget due to the offset transfers to reserves for the increased interest revenue on reserve account balances (\$3.2M) and Development Cash-In-Lieu (\$1.3M), offset by savings in salaries and wages due to vacancies and Leave of absences of \$293K, maintenance and service costs of \$266K due to reduced repairs and negotiated contracts and other savings for Travel, Subsistence, Memberships, Materials of \$47K.

Net: The forecasted variance at year-end for Corporate Services is an increase in revenue of \$3.3M due to the increase in Interest that has yet to be transferred to a reserve account (\$2.6M), decreased salary costs (\$392K) and Contracted Services and legal fees (\$266K). The \$600K increase in the favorable forecasted year-end revenue variance from Q2 to Q3 is mainly due to the staffing vacancies within the division.

4 Community Services

Revenues: At \$10.2M, revenues are 92% of the 2023 total budget. The Q3 year-to-date budget to actual variance is favorable by \$3.7M due to an increase in industrial and commercial building permits: \$3.3M, fire services billings due to increased incidents, and higher ATU Billing rates: \$208K, increase in revenue from traffic fines: \$187K, a net increase in development permits and subdivision fees: \$22K. Revenues at year-end are expected to be \$3.4M above budget due to industrial and commercial building permits of \$3.3M, traffic fines of \$280K, fire service billings of \$212K, increase in development permits and subdivision fees of \$215K, offset by reduced funding for projects that are being carried forward to future years of (\$533K). A \$700K increase in the favorable forecasted year-end revenue variance from Q2 to Q3 is mainly due to higher-than-anticipated industrial and commercial building permit revenue.

Expenses: At \$24M, expenses are 61% of the 2023 total budget. The Q3 year-to-date budget to actual variance is favorable by \$2.8M due to RCMP contracts cost incurred but yet to be billed for \$2.3M, incomplete operating projects with potential carryover components into the year 2024 of \$599K, emergency contracts incurred but yet to be billed for \$195K and other general cost savings and timing of service and material costs of 147K. These amounts are offset by the timing of FCSS, community group, and library payments issued in Q3 and budgeted in Q4 (\$364K) and internal fleet cost increases due to breakdowns and repairs (\$44K). Expenses at year-end are forecasted to be below budget by \$1.0M primarily due to staffing vacancies and leave of absences of 710K, project carryforwards of \$448K, and lower materials, work clothes, and travel of \$92K.Offset by increased fleet costs for fuel and repairs (\$125K), increase in 911 dispatch fees and emergency contract incident costs for fire services (\$13.7K), and increased cost of inspections for permits (\$78K).

Net: The forecasted variance at year-end for Community Services is an increase in revenue of \$4.5M due to increased building permits of \$3.2M, increased revenue from traffic fines of \$280K, additional fire service billings of \$212K, Salary and wage savings of \$710K from vacancies and leave of absences. The \$2.2M increase in the favorable forecasted year-end variance from Q2 to Q3 is mainly due to increased building permits and staffing vacancies within the division.

5 Operations

Revenues: At \$28.8M, revenues are 25% of the 2023 total budget. The Q3 year-to-date budget to actual variance is unfavorable by (\$10.0M) variance due to developer funding for Hyw1/RR33 that will now be received in 2024 (\$13.5M), pending reimbursements from Alberta Transportation projects executed by the County (\$3.2M), the timing of Community Aggregate Program and Transportation Routing and Vehicle Information System permit payments to be collected in Q4 (\$562K) and a decrease in fleet services revenue (\$60K). There are also less than anticipated revenues from utility services: Harmony curbside- with no activity in 2023 (171K), Solid waste and recycling (87K), Cochrane Lakes Water- new facility with no historical data (\$75K), Bragg Creek Water- due to Wintergreen project pushed back (\$53K). This variance is offset by higher-than-anticipated revenues from, offsite levies -East Balzac of \$3.5M and Horse Creek and East Rocky View of \$582K, user fees for Blazer Water of \$689K, developer contributions for water of \$990K, cemetery services revenue of \$639K, Balzac Water and Wastewater System Fees of \$973K, Planning dept application fees of \$80K and Stormwater Offsite Levy of \$50K.

Revenues at year-end are expected to be (\$28.9M) lower than anticipated due to 2023 projects carried forward to 2024 (\$34.8M), decreases in Solid Waste and recycling revenue (\$327K) — mainly Harmony curbside, and Fleet Services for outside services no longer provided (80K). These decreases are offset by an increase in offsite levy collection for East Balzac of \$3.4M, utility user fees of \$1.1M, increased transfer from Tax Stabilization reserve for Blazer Water system of \$340K, developer contributions of \$914K, Cemetery Services Revenue of \$491K and increase in AESA Grant for Agriculture of \$43K. The \$40.0M unfavorable change in forecasted year-end revenue variance from Q2 to Q3 is mainly due to 2023 projects carried forward to 2024.

Expenses: At \$47.8M, expenses are 31% of the 2023 total budget. The Q3 year-to-date budget to actual variance is favorable by \$39.0M due to incomplete operating projects that will be carried forward to future years: \$35.2M- CSMI Project is 5.7M Spent, incomplete construction projects, and contracted services expected to be incurred by year-end: \$4.7M, staffing requirement savings: \$536K, reduced Harmony Curbside activities- no activity in 2023: \$144K, utility cost savings (electricity/gas): \$84K and other general savings (travel/materials/janitorial): \$256K. The favorable variance is slightly offset by higher than anticipated interest costs on long-term debt of (\$889K), fleet-increased costs for fuel and Equipment Breakdowns of (\$415K) and transfer to reserves for interest revenue of (\$113K). Expenses at year-end are forecasted to be below budget by \$29.1M due to incomplete operating projects to be completed in following years (\$34.8M), reduction in overall staffing cost due to vacancies and leave of absence of \$262K, cost savings for Harmony Curbside of \$198K, cost savings on utilities (electricity/gas) of \$111K and other cost savings on travel/maintenance/janitorial services of \$322K. The reduced expenses are offset by the increased transfer to reserves and levies from additional revenues of \$4.0M, higher than anticipated interest on long-term debt of \$1.8M, increased costs for fleet services (parts/fuel/repairs) of \$364K, and higher utility system servicing cost of \$334K due to unforeseen repairs.

Net: The forecasted budget variance at year-end for Operations is favorably projected at \$162K due to cost-saving with miscellaneous expenses.

6 Property Taxes and External Requisitions

Revenues at \$144.0M is 99.8% of the 2023 total budget. The \$324K unfavorable variance is due to changes in property tax assessments. Changes in real property assessment values also impact external requisitions.

7 Overall Forecasted Variance

As of Q3 2023, the forecasted operating surplus for December 31st, 2023, is \$7.6M. This is primarily due to higher than anticipated investment interest revenues of \$2.6M, higher than anticipated building and development permits revenue of \$3.6M, reduced staffing cost due to vacancies, leave of absence, and unused training of \$1.0M, higher than anticipated traffic fines and fire services revenue of \$492K and tax penalty revenue of \$279K. This is offset by a reduction in tax revenue (\$324K). The favorable \$1.6M increase to the forecasted operating surplus at year-end from Q2 to Q3 is mainly due to increasing revenues from the following sources: building and development permits, tax penalties, traffic fines, and fire services.

The 2023 budget increased by \$3.8M from Q2 to Q3 due to Prairie Economic Gateway Initiative (\$785K), Highway 1 & RR33 Interchange Improvements (\$2M), Increase in Community Social Support Programs (36K), Strategic Investments to Advance the County's Strategy Program (\$804K), 2022/23 EMPP Grant for Emergency Management Preparedness Training (\$25K), Adjustment Required to Address Budget Shortfall in the CAO Office (\$150K).

| DEPARTMENT | PROJECT DESCRIPTION | | BUDGET | Uį | ACTUAL to Sept 30, 2023 | ı | FORECAST to be spent for remainder of year (Oct - Dec 2023) | | TOTAL Forecast for 2023 | BUDGET REMAINING | Comments |
| Capital Project Management | Bragg Creek Flood Mitigation | \$ | 2,927,400 | \$ | 531,574 | \$ | 100,000 | \$ | 631,574 | \$ 2,295,826 | Closing out project. 100% grant funded, which ends March 31, 2024. Remaining funds will be returned to the AB Government in 2024. |
| Capital Project Management | Wintergreen Woods Potable Water Line | \$ | 1,207,500 | \$ | 69,526 | \$ | 461,000 | \$ | 530,526 | \$ 676,974 | The project team was waiting for the confirmation of the delivery date of the booster pump at Q2. Construction is anticipated to be complete by the end of November. |
| Capital Project Management | West Balzac servicing | \$ | 1,981,000 | \$ | 1,521,975 | \$ | 200,000 | \$ | 1,721,975 | \$ 259,025 | Project #: UC55-07 represents the final leg of the West Balzac Servicing Project. The lift station construction is well underway, and the progress continues steadily. We are expected to successfully conclude the project within the next few months. |
| Capital Project Management | Janet Industrial Drainage Improvement | \$ | 1,996,300 | \$ | 18,417 | \$ | 10,000 | \$ | 28,417 | \$ 1,967,883 | Currently, the project is in the midst of the design and regulatory approval phase. The project team collaborated with provincial regulatory agencies to secure their support before moving forward with the environmental approval process. The expenses incurred so far have been associated with the engagement of our Engineering Consultants. Considering the complexity of the regulatory requirements and the need for thorough approvals before commencing construction, it is anticipated that the project budget will be extended into 2024. |
| Capital Project Management | Langdon Drainage - Glenmore Trail Diversion | \$ | 3,500,000 | \$ | 17,981 | \$ | 100,000 | \$ | 117,981 | \$ 3,382,020 | Currently in the planning and design stage of the project. Planning, design, and environmental approvals are proposed to be completed in 2023—construction to commence in 2024. |
| Capital Project Management | Capital Infrastructure - Roads | \$ | 15,932,100 | \$ | 4,921,298 | \$ | 4,809,000 | \$ | 9,730,298 | \$ 6,201,802 | Most construction activities began in Q3. Some of the work will carry over into 2024. |
| Capital Project Management | Capital Infrastructure - Bridges | \$ | 8,025,500 | \$ | 2,236,811 | \$ | 3,524,000 | \$ | 5,760,811 | \$ 2,264,689 | Late construction starts. 4 of 5 projects did not start until Sept: (BF01258 – Construction complete, BF06502 – Construction starting in late Sept, BF08158 – Construction starting after October 15 (crosses WID canal, this is their requirement), BF08678 – Construction started early sept., BF72879 – Construction started early sept.) Some of the work will carryover into 2024 |
| Operational Services | Fleet vehicle replacement | \$ | 2,452,000 | \$ | 1,173,074 | \$ | 327,577 | \$ | 1,500,651 | \$ 951,349 | Majority of the equipment is ordered but delivery timelines are extremely delayed. We will carryover all units that are not delivered in 2023. Mowers/Side Arms are not expected until 2024 or possibly 2025. Hotbox truck is ordered and expected by year end. We are working with Transportation Services on the specs for the Track Hoe and Skid Steer. All pickup trucks have been ordered. There is a possibility that a portion of the expected actual is carried over to 2024 as the delivery of the Hot Patch truck could be further delayed. |
| | | \$ | 38,021,800 | \$ | 10,490,656 | \$ | 9,531,577 | \$ | 20,022,233 | \$ 17,999,567 | · |
