

## Accessory Building Detail Sheet

### PLEASE NOTE:

Windows cannot be placed in a wall that is closer than 4'-0" to the neighbor's property line.

If the roof framing members transfer roof loading to the overhead garage door beam, please specify the size of the garage door lintel(s).

Roofing of OSB or Plywood that is less than 1 1/2" in thickness requires 'H' Clips and ridge blocking.

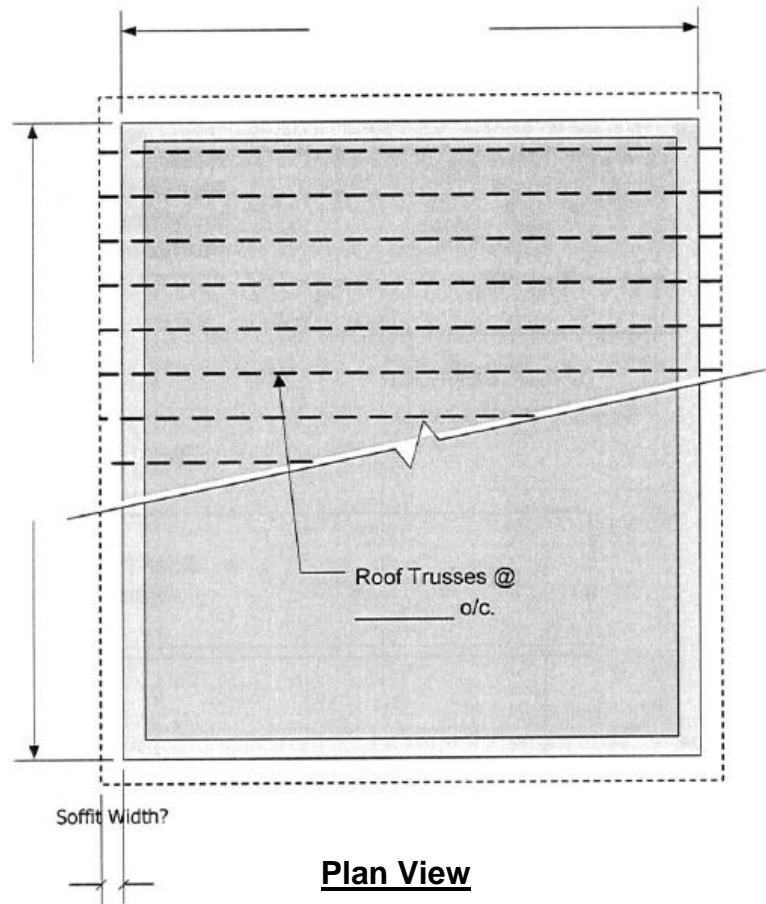

### Note:

Please sketch the locations & sizes of any man doors, overhead doors and windows.

**Please see other side of page for more info.**
