Prior to Release:

2. That prior to release of this permit, the Applicant/Owner shall contact County Road Operations with haul details for materials and equipment needed during construction/site development.  - i. The applicant/owner shall answer all questions from the County Road Operations Road Use Agreement Questionnaire (Bylaw C-8323-2022) and send the information to roaduse@rockyview.ca;
 - ii. Any required agreements or Roadata/Heavy Haul/Overweight/Overdimension Permit shall be obtained unless otherwise noted by County Road Operations;
 - iii. If a road use agreement is required, the applicant/owner shall be required to provide a refundable security to the County pursuant to the Road Use Agreement Bylaw C-8323-2022;

Prior to Occupancy:

3. That prior to release of this permit, the installation of the proposed landscaping, in accordance with the revised site plan, shall be completed by the Applicant/Owner.
 - i. That once completed, a site inspection shall be completed by the County to ensure compliance with the above condition, to the satisfaction of the Development Authority.

Permanent:

4. That if this Development Permit is not issued by **NOVEMBER 30, 2025**, or the approved extension date, then this approval is null and void and the Development Permit shall not be issued.
5. That the accessory building shall not be used for *commercial* or *vacation rental* purposes at any time, unless approved by a Development Permit.
6. That the Applicant/Owner shall be solely financially responsible for rectifying any adverse effect on adjacent lands from drainage alteration, including stormwater implications from the proposed development. Post-development drainage shall not exceed pre-development drainage.
 - i. That any lot regrading and excavation is not to direct any additional overland surface nor negatively impact existing drainage patterns in any road right-of-way.
 - ii. That upon completion of the proposed development, the County may request the Applicant/Owner submit an as-built survey, confirming the post-development drainage does not exceed predevelopment drainage and is in compliance with any matter submitted and approved as part of the Development Permit application, or in response to a Prior to Release condition.

8. That all on-site lighting, including private, site security and parking area lighting, shall be designed to conserve energy, reduce glare, and reduce uplift, in accordance with Sections 225-227 of the County's *Land Use Bylaw C-8000-2020*. All lighting shall be full cut-off (shielded) and be located and arranged so that no direct rays of light are directed at any adjoining properties, that may interfere with the use and enjoyment of neighbouring lands or interfere with the effectiveness of any traffic control devices or the vision/safety of motorists.
9. That if the development authorized by this Development Permit is not commenced with reasonable diligence within 12 months from the date of issue, and completed within 24 months of the issue, the permit is deemed to be null and void, unless an extension to this permit shall first have been granted by the Development Authority.
