 - ☐ The existing water well(s) are identified in the PSTS Level 1 Variation Assessment.
- Conditions of subdivision may include, but not limited to:***
- Confirmation from the land surveyor of the appropriate separation of the water well and wastewater disposal areas from property boundaries.

Other

- ☐ Any other technical reports determined to be necessary in order to assess the suitability of land for subdivision including those items identified within the County Servicing Standards.

12. TERMS, CONDITIONS AND NOTES

The following terms, conditions and additional notes are not limiting on the Subdivision Authority or the County in the requirement of supporting information for an application or the imposition of conditions on a subdivision approval.

1. **Boundary Realignment/Adjustment:** Additional technical studies for a boundary realignment application is not typically required unless the proposal significantly reduces the size of one of the parcels that is subject of the application, such that technical considerations need to be addressed. For example, a residential lot is reduced in size as a result of redesignation and boundary realignment that demands a higher-level of proof for servicing. The County reserves the right to request additional technical reports if it is considered that previous servicing (including wastewater, stormwater, traffic and water supply) arrangements are insufficient.
2. **All information provided with this application is available for public review and comment.**
3. The Subdivision Authority at the subdivision stage:
 - a) May include any condition necessary to satisfy a Land Use Bylaw provision or a County Plan, Area Structure Plan, Conceptual Scheme or Master Site Development Plan policy or County Servicing Standard.
 - b) By condition, require provision of a Construction Management Plan where on-site works are proposed.
 - c) May impose any condition to meet a requirement of the Municipal Government Act (MGA) or Subdivision and Development Regulation.
 - d) As a condition of approval, may include requirement to update technical reports submitted with the application.
 - e) Shall impose relevant requirements for the payment of levies associated with Bylaws for transportation, wastewater, water supply and stormwater:
 - i. Transportation Offsite Levy Bylaw;
 - ii. Water and Wastewater Offsite Levy Bylaw; and
 - iii. Such other Bylaws as may be in force or come into force and be applicable to development or activities on or services provided to the subject land from time to time.
 - f) Shall determine any oversizing requirements for services and infrastructure required to be constructed as part of the proposed subdivision. The County will determine Cost Recovery arrangements through preparation and execution of documents prior to endorsement of a plan or survey for registration.
 - g) Shall determine any outstanding municipal reserve dedications, cash-in- lieu payments or deferrals where applicable.
4. *Technical reports* are defined as report of any information regarding a matter identified in the MGA, Subdivision and Development Regulations, Statutory Plan, County Policy, Servicing Standards or Bylaw.
5. Additional technical reports may be required based upon the ongoing assessment of the application.
6. All costs of development are borne by the landowner or developer including, but not limited to, all on and off-site construction works, infrastructure development, securities, levies, contributions, reserve payments, additional fees associated the preparation and review of reports and technical assessments, endorsement fees imposed by the County, registration fees and such other costs as may be associated with the development of the land and the registration of any and all documents to create separate title for proposed parcels. Further, that it is the landowner's and developer's responsibility to identify and consider all costs of development.
7. The applicant and landowner acknowledge that not providing the information required in this form or failing to provide accurate information may prejudice the assessment of the application.
8. The applicant and landowner acknowledge that the County including individual staff members have not provided an advisory role with respect to the preparation and making of this application and that the decision to make the application is entirely that of the applicant and landowner.
