4 Whether a particular sound complained of constitutes a noise, or constitutes an excessive, unnecessary, or unusual noise are questions of fact to be determined by a court hearing a prosecution pursuant to this bylaw. When making a determination as to whether a particular sound constitutes an excessive, unnecessary, or unusual noise the court shall consider any admissible evidence as to:

12 No person who owns, operates, or controls a vehicle equipped with an audible alarm system shall allow such system to be activated repeatedly or excessively, whether such activation is due to system malfunction, improper installation or setting, or any other reason.

- 13 No person who owns, operates, or controls a vehicle equipped with or powering a stereo, boom box, or other amplified speaker system shall allow such system to be operated at an unnecessarily loud volume, thereby creating excessive noise.
