

Let's Talk Business. Your Business Specifically.

Rocky View County is proud to be home to a diverse business community — from agriculture, construction, logistics, tourism, manufacturing, to retail and more.

Whether you've been here for years or are just starting up, we want to hear about your experience, your challenges, and your vision for growth.

LET'S TALK BUSINESS

About the Program

We recognize your business as a valued contributor to the community, and your success is important to us. Your insights in running a business in Rocky View County can help shape the future of our community and economy.

This program is a one-on-one opportunity for businesses in Rocky View County to connect directly with the Economic Development team. We're here to listen, learn, and explore how we can be a resource for you.

Why We're Doing This:

- To understand the unique needs of your businesses
- To identify trends, barriers, and opportunities across sectors
- To build stronger partnerships within our business community
- To help shape practical, business-friendly policies and services through advocacy

WHAT WE DO

Rocky View County Economic Development

Our mission is simple: to support local businesses, attract new investment, and build a thriving, diversified economy.

Our Focus Areas:

- ⦿ **Business retention and expansion:** Understanding and responding to the needs of existing businesses to ensure they have the support they need to remain, grow, and become more competitive in the region.
- ⦿ **Investment attraction:** Growing and diversifying the economy through targeted business attraction in sectors where Rocky View County has a unique advantage and can demonstrate a strong case for growth and investment.
- ⦿ **Sector development and diversification:** Supporting development of emerging sectors and value-added opportunities while continuing to grow and support established industry sectors.
- ⦿ **Strengthening economic development capacity:** Aligning resources to support economic development practices and enhance capacity for growth.

GET INVOLVED

What's in It for You?

Be Heard. Your feedback can help shape the County's economic priorities and business support services.

Get Connected. From funding and business programs to local partnerships, we can help you tap into valuable resources.

Help Shape the Future. Your insights can help influence how the County supports businesses like yours.
