

Management's Responsibility for Financial Reporting

Management has prepared the financial statements in accordance with Canadian public sector accounting standards. Financial statements are not precise since they include specific amounts based on estimates and judgments. When alternative accounting methods exist, management has chosen the most appropriate to ensure that the financial statements are presented fairly in all material respects.

The County maintains internal accounting and administrative controls consistent with reasonable cost. Such measures are designed to provide reasonable assurance that the financial information is relevant, reliable, and accurate and that the County's assets are appropriately accounted for and adequately safeguarded.

The County's Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements.

Annually, the Financial Services manager presents to the County's Council a report detailing management's response to annual audit findings, variance explanations on financials, significant highlights of the financial statements, and administration recommendations that the financial statements be approved. The external auditors also discuss their findings based on previously presented audit plans with the County's Council. Throughout the year, Finance, through the Governance Committee, will also present financial statements for information purposes. This process ensures that each party properly discharges their responsibilities transparently and that a review of the financial statements and the external auditor's report is completed.

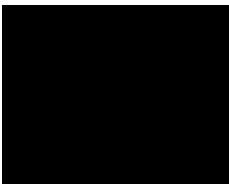

The Reeve and Council consider this information when approving the financial statements for issuance to the ratepayers. The Reeve and Council also appoint the engagement of the external auditors.

BDO Canada LLP has audited the financial statements in accordance with Canadian generally accepted auditing standards on behalf of the ratepayers. BDO Canada LLP has full access to the County's Council and management.

Independent Auditor's Report

To the Council of Rocky View County

Opinion

We have audited the financial statements of Rocky View County (the County), which comprise the statement of financial position as at December 31, 2025, Statement of operations, statement of change in net financial assets, statement of cash flows, and and notes to the financial statements, including a summary of significant accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the County as at December 31, 2025, and its results of operations, its changes in net financial assets, and its cash flows for the year then ended in accordance with Public Sector Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the County in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Empasis of Matter- Restated Comparative Information

We draw attention to Note 23 of the financial satements, which explains that certain comparative information presented for the year ended December 31, 2024 has been restated. Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Public Sector Accounting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the County's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the County or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the County's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the County's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the County to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

ROCKY VIEW COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

These financial statements of Rocky View County (the “County”) are the representations of management prepared in conformity with Canadian Public Sector Accounting Standards (PSAS). Significant aspects of the accounting policies adopted by the County are outlined as follows:

Reporting Entity

The financial statements reflect the assets, liabilities, revenues, expenditures, changes in fund balances, and changes in the financial position of Rocky View County.

The tax schedule includes requisitions for education, health, social, and external organizations that are not part of Rocky View County. The financial statements exclude trust assets administered on external parties’ behalf. Interdepartmental and organizational transactions and balances are eliminated.

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as incurred and measurable based upon receipt of goods or services and the legal obligation to pay.

Revenue Recognition

Revenues are accounted for in the period in which the transactions or events occurred that gave rise to the revenues and the amounts to be received can be reasonably estimated and collection is reasonably assured.

Revenue from transactions with performance obligations are recognized as the performance obligations are satisfied by providing the promised goods or services to the payor. User fees are recognized over the period of use, sales of goods are recognized when goods are delivered.

Revenue from transactions without performance obligations are recognized at the realizable value when the County has the authority to claim or retain an inflow of economic resources received or receivable and there is a past transaction or event that gives rise to the economic resources.

User charges for which the related services have yet to be performed are recognized when related expenses are incurred, benefits are achieved, or tangible capital assets are acquired. Revenue on investments, fines, and penalties are recognized when earned.

Tax Revenue

The County recognizes taxes as assets and revenue when they meet the definition of an asset, are authorized by bylaw, and the taxable event has occurred. Tax Revenue is initially measured at the administration’s best estimate of the amount resulting from the actual taxable event per

ROCKY VIEW COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

legislation. The related tax receivable is initially recognized at its realizable value at the date of acquisition. Requisitions operate as a flow-through and are excluded from municipal revenue.

Government Transfers

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or as a result of direct financial return.

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized and any eligibility criteria have been met, and reasonable estimates of the amounts can be determined. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Use of Estimates

The preparation of financial statements in conformity with Canadian Public Sector Accounting Standards (PSAS) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditure during the period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

Accounts receivable are stated after evaluation as to their collectability. Amortization is based on the estimated useful lives of tangible assets. Asset Retirement Obligations are based on an estimate of the liability includes all costs directly attributable to the remediation of the asset retirement obligation, based on the most reliable information that is available as at the applicable reporting date. The valuation of inventory for consumption is subject to estimation uncertainty.

Financial Instruments

PS3450, Financial Instruments, establishes recognition, measurement, and disclosure requirements for derivative and non-derivative financial instruments. The standard requires fair value measurement of derivatives and equity instruments; all other financial instruments can be measured at cost, amortized cost, or fair value at the election of the government.

There is the requirement to disclose the nature and extent of risks arising from financial instruments and clarification is given for the de-recognition financial liabilities. Management has reviewed the standard and all the financial instruments and determined the County does not have derivative or equity instruments and as such, all instruments are carried at cost or amortized cost. As a result, there are no additional financial instrument disclosures required. Refer to Note 6 on the County's financial instrument risk.

ROCKY VIEW COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

Investments

Investments are comprised of investments in qualifying instruments as defined in the County's Investment Policy #C-201. Investments are recorded at amortized cost. Investment premiums and discounts are amortized on the net present value basis over the term of the respective assets. When there has been a value loss other than a temporary decline, the individual investment is written down to recognize the loss. Investments are externally managed and consist of investments in guaranteed investment certificates with banks, treasury branches and credit unions.

Debt Charges Recoverable

Debt charges recoverable consist of amounts that are recoverable from municipal agencies or other local governments concerning outstanding debentures or other long-term debt pursuant to annexation orders or joint capital undertakings. These recoveries are recorded at a value that equals the offsetting portion of the un-matured long-term debt.

Local Improvement Levies

Local improvements are recognized as revenue, and established as a receivable, for the property owners's share of the improvements in the period that the project expenses are incurred. Construction and borrowing costs associated with local improvement projects are recovered through annual special assessments during the period of related borrowings. These levies are collectible from property owners for work performed by Rocky View County.

Inventories for Resale

Gravel inventories held for resale are recorded at a lower of cost or net realizable value. The cost is determined by the weighted average cost method. The County offers bulk gravel sales for County residents. The County does not report gravel held for resale separately as inventory in the financial statements because the quantity and value are immaterial to Rocky View County's overall financial position. The value of sales for 2025 is \$17,000 (2024 - \$31,000).

Asset Retirement Obligation:

Asset retirement obligations ("ARO") represent the legal obligations associated with the retirement of a tangible capital asset that result from its acquisition, construction, development, or normal use. The tangible capital assets ("TCA") include but are not limited to assets in productive use, assets no longer in productive use, and leased tangible capital assets.

The liability associated with an asset retirement obligation is measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date to the extent that all recognition criteria are met. Asset retirement obligations are only recognized when there is a legal obligation for the County to incur costs in relation to a specific TCA, when the past transaction or event causing the liability has already occurred, when economic benefits will need to be given up in order to remediate the liability and when a reasonable estimate of such amount can be made. The best estimate of the liability includes all costs directly attributable to

ROCKY VIEW COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

the remediation of the asset retirement obligation, based on the most reliable information that is available as at the applicable reporting date. Where cash flows are expected over future periods, the liability is recognized using a present value technique.

Liability for Contaminated Sites

A contaminated site is a site at which substances occur in concentrations that exceed the maximum acceptable amounts under an environmental standard. Sites that are currently in productive use are only considered contaminated site if an unexpected event results in contamination. A liability for remediation of contaminated sites is recognized when the County is directly responsible or accepts responsibility; it is expected that future economic benefits will be given up; and a reasonable estimate of the amount can be made. The liability includes all costs directly attributable to remediation activities including post remediation operations, maintenance and monitoring.

Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year and the excess of revenues over expenses provide the Change in Net Financial Assets (Debt) for the year.

i) Tangible Capital Assets

Tangible capital assets are recorded at cost, including all amounts directly attributable to the asset's acquisition, construction, development, or betterment. The cost of the tangible capital assets is amortized on a straight-line basis over the estimated useful life as follows:

	YEARS
Land Improvements	15-25
Buildings	10-50
Engineered structures	
Water system	30-75
Wastewater system	30-75
Other engineered structures	5-30
Machinery and equipment (owned and leased)	3-10
Vehicles	8-20

One-half of the annual amortization is charged in the year of acquisition and the year of disposal. Assets under construction are amortized once they are available for productive use. Tangible capital assets are written down when conditions indicate that they no longer contribute to the County's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the statement of operations.

ROCKY VIEW COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

ii) Contributions of Tangible Capital Assets

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

iii) Resource Asset

The water licenses are recorded at cost and have been assessed with an indefinite life. The assets will not be amortized, and impairment will be reviewed when there are indicators of a decline in value.

iv) Leases

Leases are classified as capital or operating leases. Leases that substantially transfer all of the benefits and risks incidental to property ownership are accounted for as capital leases. At the inception of a capital lease, an asset and payment obligation is recorded at an amount equal to the lesser of the present value of the minimum lease payments and the property's fair market value.

All other leases are accounted for as operating leases, and the related lease payments are charged to expenses as incurred.

v) Inventories held for consumption

Inventories held for consumption are recorded at a lower of cost or replacement cost. The cost is determined by the weighted average cost method for gravel inventory and FIFO for other inventory.

Requisition Over-levy and Under-levy

Over-levies and under-levies arise from the difference between the actual property tax levy made to cover each requisition and the actual amount requisitioned. These differences are the result of property reassessments during the year.

If the levy exceeds the requisition, the over-levy is accrued as a liability, and property tax revenue is reduced. The under-levy is accrued as a receivable, and property tax revenue is increased where the actual levy is less than the requisition amount. Requisition tax rates in the subsequent year are adjusted for any over- or under-levies of the prior year.

Pensions

The County participates in three multiemployer defined pension plans. Sufficient information is not available to use defined benefit accounting. Therefore, the County accounts for the plan as if it were a defined contribution plan. As such, no pension liability is included in the County's financial statements and contributions are recognized as an expense in the year to which they relate. Contributions are a defined amount based upon a set percentage of salary.

ROCKY VIEW COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

Funds Held in Trust

The County held \$2,512,523 in a Cemetery Perpetual Care Trust Account as of December 31, 2025 (2024 - \$2,159,614).

The County held \$204,788 in a Tax Recovery Trust account as of December 31, 2025 (2024 - \$199,037).

Future Accounting Standard Pronouncements

The Conceptual Frameworks for Financial Reporting - The conceptual framework is the foundation for principles-based standards. It is a coherent set of interrelated objectives and fundamentals leading to consistent standards or application of consistent concepts in the absence of specific standards. The County will adopt this accounting standard for the fiscal year beginning January 1, 2027.

PS 1202 Financial Statement Presentation - PS 1202 will replace PS 1201 and sets out the general and specific requirements of the presentation of financial information and is based on the concepts in the conceptual framework. The County will adopt this accounting standard for the fiscal year beginning January 1, 2027.

NOTE 6: FINANCIAL INSTRUMENTS

The County's financial instruments consist of cash and temporary investments, accounts receivable, debt charges recoverable, bank indebtedness, accounts payable and accrued liabilities, deposits liabilities, and long-term debt. The nature of these instruments and the County's operations expose the County to credit and liquidity risks. The County manages its exposure to these risks by operating in a manner that minimizes its exposure to the extent practical. There have been no changes from previous year's policies, procedures and methods to measure risks.

A. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument fluctuate because of a change in interest rates. Changes in market interest rates might have an effect on the cash flows associated with some financial assets and liabilities. The County is exposed to interest rate risk on its bank indebtedness and temporary investments. As at December 31, 2025 the County had investments bearing interest at 3.35% to 3.62% (2024 – 3.96 to 5.47%) and long-term debt bearing interest at 1.288% to 5.43% (2024 – 1.288% to 6.70%). The County actively manages its interest rate risk through ongoing monitoring of market interest rates and the overall economic situation.

B. Credit risk

The County is subject to credit risk with respect to taxes and grants in place of taxes, accounts receivable, and debt charges recoverable. Credit risk arises from the possibility that taxpayers and entities to which the County provides services may experience financial difficulty and be unable to fulfill their obligations. Management believes that the risk of default and the risk of concentration of credit risk is minimized by the fact that there is a large number and diversity of taxpayers and receivables comprise amounts receivable from the Government of Alberta for grants, property taxes, and trade receivables, which are subject to normal trade credit risk which is not significant as the County manages and analyzes the outstanding accounts receivable balances.

ROCKY VIEW COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

C. Liquidity risk

Liquidity risk is the risk that the County will not be able to meet its financial obligations as they come due. The County has a planning and budgeting process in place to help determine the funds required to support the normal operating requirements of the County on an ongoing basis. The County ensures that there are sufficient funds to meet its short-term requirements, taking into account its anticipated cash flows and its holdings of cash and cash equivalents. The following table sets out the contractual maturities (representing contractual cash flows) of financial liabilities:

	<u>2025</u>		<u>2024</u>

NOTE 10: ASSET RETIREMENT OBLIGATION

Landfills

Landfill closure and post-closure care requirements have been defined in accordance with The Environmental Management and Protection Act and include final covering and landscaping of the landfill, pumping of ground water, methane gas and leachate management, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over a 9-12 years period using the best information available to management. Future events may result in significant changes to the estimated total expense and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

The landfills are closed and now in the post closure phase. The County is responsible for landfill sites that have been capped and closed with no further useful life and capacity. No performance bonds have been paid on the sites, and no assets have been specifically allocated to these sites.

The estimated total liability is based on the sum of discounted future cash flows of post-closure activities at a cost of \$48,752 annually for the remainder period for post-closure care between 9 years and 12 years using the discount rate of 2.05%. The total estimated ARO is \$443,181.

Lagoons

The County has a license to operate lagoons. The county is legally required to decommission and reclaim these lagoons at the end of their useful life. In accordance with PS 3280, Asset Retirement Obligations, the County estimated the ARO using the undiscounted future expenditures expected to be incurred within 1- 22 years period of \$1,402,023. The County applied the discount rate of 2.05% to estimate the present value of the associated AROs. The total estimated ARO is \$1,171,796.

Gravel Pits

The County operates various pits which have an estimated useful life of 1 to 50 years. The County is legally required to reclaim these pits at the end of their useful life. The County estimated the ARO for these pits using the undiscounted future expenditures expected to be incurred within 1- 50 years period of \$3,572,029. The County applied the discount rate of 2.05% to estimate the present value of the associated AROs. The total estimated ARO is \$2,284,735.

NOTE 11: PENSION PLANS

Local Authorities Pension Plan (LAPP)

Employees of the County participate in the Local Authorities Pension Plan (“LAPP” or the “Plan”), which is covered by the Public Sector Pension Plans Act. This plan is financed by employer and employee contributions and by investment earnings of the LAPP Fund. Contributions for current service are recorded as expenditures in the year in which they become due.

Rocky View County is required to make current service contributions to the Plan of 8.45% of pensionable earnings up to the year’s maximum pensionable earnings under the Canada Pension Plan (“CPP”), and 11.65% of pensionable earnings above this amount. Employees of the County are required to make current service contributions of 7.45% of pensionable earnings up to the year’s maximum pensionable earnings and 10.65% on pensionable earnings above this amount.

Total employer contributions by Rocky View County to the LAPP in 2025 were \$3,022,393 (2024 - \$2,748,318). Total contributions by the employees of Rocky View County to the LAPP in 2025 were \$2,703,311 (2024 - \$2,458,755).

At December 31, 2024, the date of the most recent actuarial valuation, the Plan disclosed an actuarial surplus of \$19,557,000 (2023 - \$15,057,000 surplus).

APEX Supplementary Pension Plan

The APEX Supplementary Pension Plan, an Alberta Urban Municipality Association (AUMA) sponsored defined benefit pension plan covered under the provisions of the Alberta Employment Pensions Plans Act, commenced in 2008 and provides supplementary pension plan benefits. The plan supplements the Local Authorities Pension Plan.

The Chief Administrative Officer and Executive Directors of the County can participate in the APEX Supplementary Pension Plan. APEX is financed by Employer and Employee contributions and investment earnings of the APEX fund. Contributions for current service are recorded as expenditures in the year in which they become due.

ROCKY VIEW COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

Rocky View County makes current service contributions to the plan of 2.96% of pensionable earnings up to the APEX maximum earnings of \$187,833.50. Eligible employees of the County can make current service contributions of 2.42% of earnings up to the APEX maximum earnings of \$187,833. Total employer contributions by Rocky View County to APEX in 2025 amounted to \$15,033 (2024 \$7,526). Total contributions by employees of the County to APEX amounted to \$12,291 for the 2025 year (2024 - \$6,153).

The cost of post-retirement benefits earned by employees is actuarially determined using the projected benefit method prorated on service and administration’s best estimate of salary and benefit escalation and retirement ages of employees. The costs of post-retirement benefits are fully funded.

MuniSERP Supplementary Employee Retirement Plan

On July 14, 2025, Rocky View County Council approved the participation of Rocky View County in the MuniSERP program, a plan available through the Alberta Urban Municipalities Association (AUMA). This plan is a supplemental employee retirement plan (“SERP”) that provides supplementary benefits to a prescribed class of employees whose retirement income would be affected by the Income Tax Act cap on pension contributions. The Supplementary benefit takes the form of a lump sum cash payment upon retirement or death. MuniSERP supplements APEX and LAPP and is voluntary, non-contributory, non-registered defined benefit employee retirement plan. The retirement benefit expense (recovery) recorded by Rocky View County in the year is \$42,000.

The cost of post-retirement benefits earned by employees is actuarially determined using the projected benefit method prorated on service and management’s best estimate of salary and benefit escalation and retirement ages of employees. An actuarial valuation was completed on December 31, 2025. The significant actuarial assumptions in measuring the accrued benefit obligation are as follows: expected discount rate of 5.00%, expected salary escalations of 2.75% per year and inflation rate of 2.00%

NOTE 12: COMMITMENTS & CONTRACTUAL OBLIGATIONS

Commitments relating to policing and operating leases for vehicles and equipment for the next 4 years are as follows:

NOTE 13: CONTINGENCIES

No provision has been made on the statement of financial position for the various lawsuits and legal claims filed against the County as the extent of the lawsuits and legal claims are not determinable at December 31, 2025. Management has concluded that none of the claims meet the criteria for recording a liability. The amount of any future settlement would be accounted for in the year the losses are determined.

NOTE 14: RECIPROCAL INSURANCE EXCHANGE MEMBERSHIPS

The County was a member of the Genesis Reciprocal Insurance Exchange and the Jubilee Reciprocal Insurance Exchange as of December 31, 2025. Under the membership terms, the County could become liable for its proportionate share of any claim losses above the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

NOTE 15: DEBT LIMITS

Section 276 (2) of the Municipal Government Act and related provincial regulations require that the debt and debt limits, as defined by Alberta Regulation 255/00, for the County, be disclosed as follows:

	<u>2025</u>	<u>2024</u>
Total debt limit	\$ 291,271,215	\$ 226,188,921

Amount of Debt Servicing Limit unused	<u>\$ 43,704,080</u>	<u>\$ 31,026,168</u>

The debt limit is calculated at 1.5 times revenue of the County (as defined in Alberta Regulation 255/00) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to identify municipalities that could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the County; rather, the financial statements must be interpreted as a whole.

NOTE 18: CONTAMINATED SITES LIABILITY

In 2024, Rocky View County disclosed that certain soils at the Cochrane Gravel Pit had become saturated with road salt as a result of normal operating activities. Based on an independent third-party assessment completed in the first quarter of 2024, management identified the potential for a contaminated site liability. No liability was recognized, as the affected material was determined to have potential beneficial use as inventory.

During 2026, the sale of the Cochrane Gravel Pit, which had been initiated in the fourth quarter of 2024, was completed. As a result of the sale and transfer of the property, Rocky View County no longer faces the risk of a contaminated site liability related to this property and, accordingly, no liability has been recognized in the current year. (Note 24).

NOTE 20: SEGMENTED DISCLOSURE

The County conducts its business through a number of reportable segments. The operating segments are established by management and facilitate the achievement of long-term objectives and aid in resource allocation decisions. For each reported segment, revenues and expenses represent both amounts directly attributable to the segment and amounts that are allocated reasonably. The accounting policies in these segments are consistent with those followed in preparing the financial statements.

Refer to the Schedule of Segmented Disclosure (Schedule 6).

General Government includes Council, Other legislative, and General administration.

Emergency Services include Fire, Bylaw, Police, and traffic enforcement.

Infrastructure & Operations Services include Roads, Capital projects & Engineering services, Fleet, Cemetery, Water, Stormwater, Wastewater, and Waste & recycling.

Planning & Development includes Planning services, Building services, Economic Development, and Development compliance.

Community Services include Recreation & Community support and Family and Community Support Services (FCSS).

ROCKY VIEW COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 21: BUDGET

The budget figures presented in these financial statements are based on the budget approved by council on April 08, 2025, and subsequent budget adjustments are not included.

The schedule below reconciles the approved budget to the budget figures reported in these financial statements:

	2025
Budgeted Deficit reported in financial statements	\$(22,433,800)
Capital Revenue Funding Operation	(2,760,600)
Principal payments on long-term debt	(5,515,000)
Amortization expense	28,497,100
Net transfer from reserve	2,212,300
Approved budget surplus for the year	-

NOTE 22: COMPARATIVE FIGURES

Certain prior year corresponding figures have been restated to conform to the current year's presentation.

The Statement of Financial Position and Notes to the Financial Statements have been updated to reflect a reclassification of accounts related to payroll, pensions, and employee benefits from Accounts payable and accrued liabilities to Employee Benefit Obligations, to better reflect their nature. The value of the reclassification for 2024 is \$2,044,960. This adjustment is also reflected in the corresponding notes, Note 6 – Financial Instruments and Note 9 – Employee Benefit Obligations.

The revenue section of Schedule 6 has been updated to expand the categorization, as shown in the Statement of Operations, and to provide greater insight into the County's operations. The Categories of Cash-In-Lieu of Public Reserves, Penalties and Cost of Taxes, Development Agreements & Levies, Licence & Permits and Fines have been added. These revenues were classified as Other Revenues in the 2024 financial statements.

NOTE 23: PRIOR YEAR RESTATEMENT

During 2025, the County determined that developer contributed cash-in-lieu of land according to MGA S.666 recognized as revenue in prior periods should have been recorded as deferred revenue until the related eligibility criteria were met. Accordingly, the County has restated the comparative figures to reflect the appropriate accounting treatment.

NOTE 24: SUBSEQUENT EVENTS

Subsequent to year-end, the County sold the Cochrane Gravel Pit for proceeds of \$5,000,000. The property had been recorded as Property in Other Municipalities in prior fiscal periods. As the sale occurred after year-end, the transaction has not been reflected in these financial statements.

NOTE 25: APPROVAL OF FINANCIAL STATEMENTS

Council and Management have approved these financial statements on April 28th, 2026.
