- iii. For the purposes of this condition, a “heavy vehicle” means a vehicle that exceeds any one of the following:
 - a. Two (2) axles;
 - b. 11.00 (36.09 ft.) in length; or
 - c. A maximum allowable gross vehicle weight of 4,500 kilograms.
- iv. Any required agreement or a Roadata/Heavy Haul/Overweight/Overdimension Permit shall be obtained unless otherwise noted by County Road Operations.
4. The first floor of all buildings shall be located at or above the 1:200 year flood level plus 0.50 m (1.64 ft.) freeboard and all mechanical and electrical equipment within a building shall be located at or above the designated flood level, in accordance with Sections 201 and 202 of the County’s *Land Use Bylaw C-8000-2020* (LUB).
5. That any plan, technical submission, agreement, matter, or understanding submitted and approved as part of the application, in response to a Prior to Release or Occupancy condition, shall be implemented and adhered to in perpetuity, including:
 - i. Stormwater Memo prepared by Stormwater Solutions (Project No.: 0367-001), dated April 20, 2023.
6. That the proposed development shall be serviced by the Bragg Creek Regional Water and Wastewater Services, water and wastewater volumes used by the development shall be within the amounts allocated to the subject lands (950 L/day and 855 L/day, respectively):
 - i. Allocated water and wastewater volumes and all overages shall be billed in accordance with the Bragg Creek water and wastewater rate, additional service capacity from within the local improvement service area and the Rocky View County administrative recovery fee for staff time as per the County’s *Master Rates Bylaw*, as amended.
7. That there shall be no more than 2.00 m (6.56 ft.) of excavation or 1.00 m (3.28 ft.) of fill adjacent to or within 15.00 m (49.21 ft.) of the proposed dwelling under construction, unless a separate Development Permit has been issued for additional fill.
8. That any future grading activities outside the scope of this Development Permit shall require a separate Development Permit approval.
9. A Development Permit shall be required, if a variance to the maximum building height requirement of 12.00 m (39.37 ft.) is required.
 - i. Maximum building height shall be determined by the average height of all elevations including any placed fill exceeding 1.00 m. in height.
10. That the Applicant/Owner shall adhere to the principles of Tree Management, Resilience Design, and Fencing requirements in accordance with the Policy 7.2.1 (d) of the *Greater Bragg Creek Area Structure Plan* (ASP) and *Hamlet of Bragg Creek Design Standards*, as amended.
11. That the Applicant/Owner shall take whatever means necessary to ensure minimal clearing/disturbance of any existing trees/vegetation occurs during the course of development and that during construction, the Applicant/Owner shall engage in Fire Smart principles in accordance with Policy 7.2.1 b) of the ASP.
12. That the Dwelling, Single Detached shall not be used as a *Vacation Rental* or for Business purposes at any time, unless approved by a Development Permit.

13. That the Accessory Buildings shall not be used as a *Dwelling Unit*, or for Business purpose at any time, including the parking of any *Vehicle (Commercial)* unless approved by a Development Permit.
 - i. That "*Vehicle (Commercial)*" means a vehicle, motor, used for commercial or industrial business operations, exceeding 5,500 kg or 7.00 m (22.97 ft.) in length.
14. That the Accessory Buildings shall be similar to, and complement, the existing Dwelling, Single Detached in exterior material, colour and appearance.
15. That the Applicant/Owner shall take whatever means necessary to prevent visible dust associated with the development from escaping the site and having adverse effects on adjacent roadways and properties.
16. That there shall be a minimum of two (2) dedicated on-site parking stalls for the subject dwelling unit at all times.
17. That no topsoil shall be removed from the site. All topsoil shall be retained on-site and shall be re-spread onsite and seeded to grass or landscaped after building construction is complete, as part of site restoration.
18. That the Applicant/Owner shall be solely financially responsible for rectifying any adverse effect on adjacent lands from drainage alteration, including stormwater implications from the proposed development. Post-development drainage shall not exceed pre-development drainage.
 - i. That any lot regrading and excavation is not to direct any additional overland surface drainage nor negatively impact existing drainage patterns in any road right-of-way; and
 - ii. That upon completion of the proposed development, the County may request the Applicant/Owner submit an as-built survey, confirming the post-development drainage does not exceed pre-development drainage and is in compliance with any matter submitted and approved as part of the Development Permit application, or in response to a Prior to Release condition.
19. That all on-site lighting, including private, site security and parking area lighting, shall be designed to conserve energy, reduce glare, and reduce uplift, in accordance with Sections 225 – 227 of the LUB. All lighting shall be full cut-off (shielded) and be located and arranged so that no direct rays of light are directed at any adjoining properties, that may interfere with the use and enjoyment of neighbouring lands or interfere with the effectiveness of any traffic control devices or the vision/safety of motorists.
20. That if the development authorized by this Development Permit is not commenced with reasonable diligence within twelve (12) months from the date of issue and completed within twenty-four (24) months of the issue, the permit is deemed to be null and void, unless an extension to this permit shall first have been granted by the Development Officer.

Advisory:

- That Building Permits and sub-trade permits shall be obtained through County Building Services, prior to construction, using the appropriate checklists and application forms.
 - That the roofing material shall be constructed of fire-resistant materials in compliance with the *National Building Code – 2023 Alberta Edition*.
